

## **SP Devices Signs Agreement with Avnet to distribute products in North America through Avnet Express**

**Boston, MA - November 20, 2009** – Signal Processing Devices Inc., (SP Devices) today announced that Avnet Electronics Marketing, an operating group of Avnet, Inc. (NYSE: AVT) and one of the world's largest technology marketing, distribution and services companies, now offers SP Devices' products to customers in North America through Avnet's Web-based distribution service Avnet Express. SP Devices develops signal processing IP, high speed digitizers and data acquisition products for high performance applications such as wireless communications, military, and test and measurement markets.

“We are pleased to have Avnet Electronics Marketing, one of the premier distributors in the world, working with SP Devices to promote our technology in North America. Additionally, their well established network of customers will help us to further increase our mutual business in North America,” said Ed King, Vice President and General Manager for Signal Processing Devices Inc.

“Our customers continue to look for ways to reduce their product design time by incorporating high-speed digitizers and data acquisition boards into their applications,” said Beth Ely, senior vice president of Avnet Express, worldwide. “SP Devices' products provide an excellent design solution for our customers who are looking to reduce their time to market versus designing and building these boards themselves.”
